WHAT IS BCMA?

BCMA is a group of volunteers responding to the Coronavirus/COVID-19 pandemic. We came together to help organize people who want to support and connect them with people who need support in Bennington County.

HOW IT WORKS

Go to website and fill out form requesting help

Request sent to point person

Point person connects volunteer with person in need of services

Volunteer completes the request and notifies BCMA

Volunteer contacts the requester to make arrangements

PLEASE NOTE: BCMA Volunteers are community members who want to lend a hand to those in need. We are not professional volunteers nor emergency responders. If you have an emergency, contact your local emergency response agency or call 911 if someone is in immediate danger.
